25X1

1. Shipping activities have been brisk in Rostock harbor recently. Numerous large Soviet freighters have arrived, bringing ore and loading reparations goods. They loaded scrap in large quantities. Packaged commodities included glass and porcelain ware, musical instruments, optical goods and automobile engines and bodies. A smaller Soviet freighter loaded sugar and grain. Small Scandinavian motor ships took on briquettes and hard coal.
2. A Soviet freighter took on 4,000 tons of hard coal which came in cars from Zwickau-Oelsnitz. It also loaded automobile parts from the IFA motor works at Johannisthal for the Soviet Union.
